WINTER FLOWERS SCAVENGER HUNT

**Golden
Wattle -
Acacia
pycnantha**

Australia's floral emblem.
Important Aboriginal plant for food, medicine and glue.

**Silver
Cassia -
Senna
artemisiodes**

Easy to grow, even under established eucalypts.

**Rosemary
Grevillea -
Grevillea
rosmarinifolia**

Excellent habitat for small birds

**Clover Tree
- Goodia
lotifolia**

Fast growing shrub with clover-like leaves and showy yellow flowers.

**Small-leaved
Clematis -
Clematis
microphylla**

Climbing plant that was used by Aboriginal people as medicine, decoration and food.

**Hop
Goodenia -
Goodenia
ovata**

An early coloniser after fire, this shrub is covered in bright yellow flowers.

**Cut-leaf
Daisy -
Brachyscome
graminea**

Fast-growing compact ground cover with small mauve daisies

**Rock
Correa -
Correa
glabra**

Easy to grow and great for attracting birdlife.
